EXPERIENCE

Platform Commons - Software Developer Intern

• Markify-Seller (Web Application) April 2024 - Present:

- Contributed to the development of key features in the seller application using Angular. Enhanced the user interface, implemented new functionalities, and optimized the application for various screen sizes.
- Integrated APIs and ensured a seamless user experience.
- Tailored the application to meet the specific needs of multiple clients, including Lupin, Magasool, and Vrutti, with different versions and features available. Please find the base app [here](#).

• Amazon - Catalog Associate, Competitor Monitoring Org (CMT) | June 2024 - Present

- Analyzes competitor pricing strategies and provides users with the best deals.
- Collaborates with teams to optimize pricing and utilizes data-driven insights for competitive advantage.

• Amazon - Catalog Associate, Retail Business Services Org (RBS) | Sept 2021 - May 2024

- Managed a team of 4-5 members, developed and tested SQL queries, and conducted chargeback analysis.
- Performed weekly audits, collaborated with Europe Marketplace stakeholders, and proposed automation solutions.
- Transferred process knowledge to new joiners and improved data extraction and process efficiency.
